

Launch their Training Support Helpdesk

Struggling with those little “how do I do” questions?

Do you have issues with understanding nGMS?

Frustrated with support response times from your clinical system suppliers?

Confused about which Read Code you should use?

Do your clinical systems throw the odd challenge at you?

Our new training support helpdesk service is just the solution to all these issues and many more

Subscribe to this email service - send your training queries to us and get a response emailed to you within 48 hours. We will endeavour to get you the answer you need to make life that little bit easier.

For just **£10** per month*

Also available -

Report writing - template/guideline/SOPHIE/ISIS - referral template building service

Let us write those complicated reports and templates for you and we will then email you the file with uploading instructions!

(Quotations available upon request for these services)
