## DQA - Follow Up

Following on from your recent data quality assessment, we are sure you have been working hard to improve the accuracy of your disease registers - to improve patient care and to increase your annual prevalence income.

**Have you wondered what the result of all this hard work is?  
How can you compare your previous prevalence figures  
with the current ones and what does this mean financially?**

For a one-off cost of £25 + VAT, Insight can offer you a DQA follow-up which will provide you with a full report on where you are now, what improvements have been made and how that has affected your prevalence figures. This written report will also tell you how much you have increased your bottom line (*based on current prevalence figures*).

### **Ordering options:**

Complete the order form overleaf and return it with your cheque for £30.00 (£25.00 + VAT)

or

Order via our website -

[www.insightsol.co.uk](http://www.insightsol.co.uk) and click on **SHOP** (Payment via Paypal/ VISA/ Mastercard/ American Express)

Linda, Practice Manager in the South West, purchased a DQA follow-up and discovered that their hard work over the last 3 months had really paid off - their annual prevalence income increased by just over £15,000.

This was just what the staff needed to keep them motivated & the report also helped them to focus again on the remaining high priority areas.
